## GELMON 2017

“Fourth International Workshop on Geoelectrical Monitoring”

November 22<sup>nd</sup> to November 24<sup>th</sup>, 2017

Supported by:

 Geological Survey of Austria

ÖAW

AUSTRIAN  
ACADEMY OF  
SCIENCES

VIENNA  
CONVENTION BUREAU

bmwfw

Federal Ministry of  
Science, Research and Economy

Österreichische Geophysikalische Gesellschaft  
Austrian Geophysical Society

Korea Institute of Geoscience  
and Mineral Resources

To foster scientific discussion and to support cooperation among scientific groups, the Geological Survey of Austria invites to the **“Fourth International Workshop on Geoelectrical Monitoring”**, which will be held in Vienna from November 22<sup>nd</sup> to November 24<sup>th</sup>, 2017.

The scope of this workshop should not only be the presentation of state-of-the-art results, but significant time will also be reserved for the discussion of special topics of data acquisition, processing, inversion and interpretation.

Presentations on **all related aspects of geoelectrical monitoring** are encouraged, covering theoretical developments, measurements and instrumentation, and case studies. Specialists in the field of geoelectrics and related scientific disciplines are invited to submit abstracts for **oral or poster presentation** specifically focused on the topic of geoelectrical monitoring.

The **scientific program committee** will later decide upon special topics and lead the respective sessions.

As we want to address scientists from all over the world, we would kindly ask you to **forward this invitation** to any other colleague who might be interested in this event.

For companies and institutes there is **one slot left** to present their products and research in the form of a company booth, which will be on display during the conference in the lobby adjacent to the main conference room. For further information, please contact [stefan.hoyer@geologie.ac.at](mailto:stefan.hoyer@geologie.ac.at).

### Deadlines and Fees:

- Submission of abstracts (max. 1 page, 12 pt.):  
**October 20<sup>th</sup>, 2017**
- Regular Registration (€ 300):  
**November 12<sup>th</sup>, 2017**
- On-site registration (€ 320, students\* € 120):  
*cash only* **November 22<sup>nd</sup>-24<sup>th</sup>, 2017**

**Registration** is open from now to November 12<sup>th</sup> 2017.

**Please use our online registration form:** [link registration](#)

\* The students fee is applicable for active Bacc, MSc or PhD students born 1990 or later. Please pay cash on-site and bring your student ID card.

### Scientific Program Committee:

SUPPER Robert, *Geological Survey of Austria*

KIM Jung-Ho, *Korea Institute of Geoscience and Mineral Resources*

CHAMBERS Jonathan E., *British Geological Survey*

TSOURLOS Panagiotis, *Aristotle University of Thessaloniki*

DAHLIN Torleif, *Lund University*

FLORES-OROZCO Adrian, *TU Vienna*

**The venue:** The meeting will be held in the Presentation Hall of the BMWF (Federal Ministry of Science, Research and Economy) at Freyung 3 in the historical first district of Vienna.

For reference to the first three workshops, you can find the abstracts at:
